

# FOOD MATTERS

- GLOBAL LIVESTOCK IS RESPONSIBLE FOR  $\frac{1}{5}$  OF GREENHOUSE GASSES...MORE THAN TRANSPORTATION.

THERE IS AN INCREASING CONCERN WITH ANIMAL PRODUCTS,

- QUALITY OF MEAT
- ENDANGERMENT OF FISH
- THE WAY DOMESTIC ANIMALS ARE RAISED
- OUR DIET

# DID YOU KNOW?

IT TAKES 10 TIMES MORE ENERGY  
TO PRODUCE THAN PLANTS

40% OF FOSSIL  
FUELS ARE  
REQUIRED TO  
PRODUCE 1 CALORIE  
OF BEEF PROTEIN  
AND 7% IF  
AMERICAN'S  
CALORIES COME  
FROM SODA

In 1900, 41% of American workers were employed in agriculture, now it's only less than 2%.

More than 50% of corn is fed to animals.

More than 1 billion people in the world are overweight because 90% of cornmeal is fed to animals

This puts humans at risk for obesity, diabetes, and drug-resistant bacteria.

# WHAT WE SHOULD DO...

WE SHOULD STOP eating at BIG FAST FOOD restaurants  
and start eating LESS!
