Letter of Recommendation Request Form

Introduction:

The purpose of the letter of recommendation is for the college/program to have a piece of evidence of who you are as a person and a student. The letter is a favor the recommender is doing for you. Please be respectful of this privilege while interacting with those in the community.

Fill out the tables below thoroughly (see [example](#)). It will be to your benefit to ask a teacher you have known for some time, focuses on your potential field of study, you have interacted with in a variety of ways in school (i.e. as a student who **passed** their class(es), as their assistant, visited their office hours frequently, participated in their sponsored extracurricular activity, etc)...basically ask someone you have an overall positive relationship with. The more time and information you give to your recommender, the better the letter will be!

After completing this form, review it with your advisor and post it on Canvas. You will be sending this information to your potential recommenders eventually.
