YES WE BELIEVE TECHNOLOGY DOES REFLECT OR SHAPE SOCIETY AND CULTURE BECAUSE PEOPLE RELY ON AND USE TECHNOLOGY EVERYDAY. ALL THROUGHOUT THE DAY NO MATTER WHERE YOU LIVE YOU ARE ALWAYS USING TECHNOLOGY. THEREFORE, BECAUSE TECHNOLOGY HAS BECOME SUCH A BIG PART OF ALL OF OUR LIVES IT IS REASONABLE TO SAY THAT OUR SOCIETY IS SHAPED OFF OF TECHNOLOGY. ALL OF TECHNOLOGY IS MEANT TO IMPROVE LIVES BUT SOMETIMES THAT'S NOT ALWAYS THE CASE. THOUGH TECHNOLOGY MAKES THINGS EASIER AND FASTER, SOMETIMES IT CAN BE ABUSED AND USED FOR WRONG THINGS. SOME PEOPLE USE TECHNOLOGY TO BULLY PEOPLE AND HURT THEM EMOTIONALLY AND IN A LOT OF CASES IT IS USED TO HARM PEOPLE PHYSICALLY. SO NO, TECHNOLOGY DOES NOT ALWAYS IMPROVE LIVES, BUT WHEN IT IS USED THE CORRECT WAY AND AT THE RIGHT TIME IT IS ALWAYS BENEFICIAL.
