

Service Learning Final Project

Why is taking of our environment so important for the community?

Why it matters to the community?

It matters to The Philadelphia Community cares deeply about their natural spaces and is working together to improve the environment by removing invasive species & maintaining local ecosystems.

Process/Steps

01

Completing Service Learning Journals every 2 weeks leading up to the Service Learning Day.

02

Having Service Learning every 2 Weeks on Thursday making sure we are staying on track of our Journal Assignments & any questions.

03

Getting Prepared for the Service Learning day by making sure we finished the journals you were assigned to do before the Service Day.

04

Attending the Audubon Mid-Atlantic Service & Completing a reflection of our experience.

Artifacts

Final Outcome: What did you learn about this process?

I learned that I actually like to be in nature and take care of the environment by removing invasive plant and not helping the environment not be harmful.
